STUDENT FINANCE ENGLAND (SFE)

Student finance is a government provided loan designed to support students during their studies. It consists of two main components:

■ Maintenance Loan

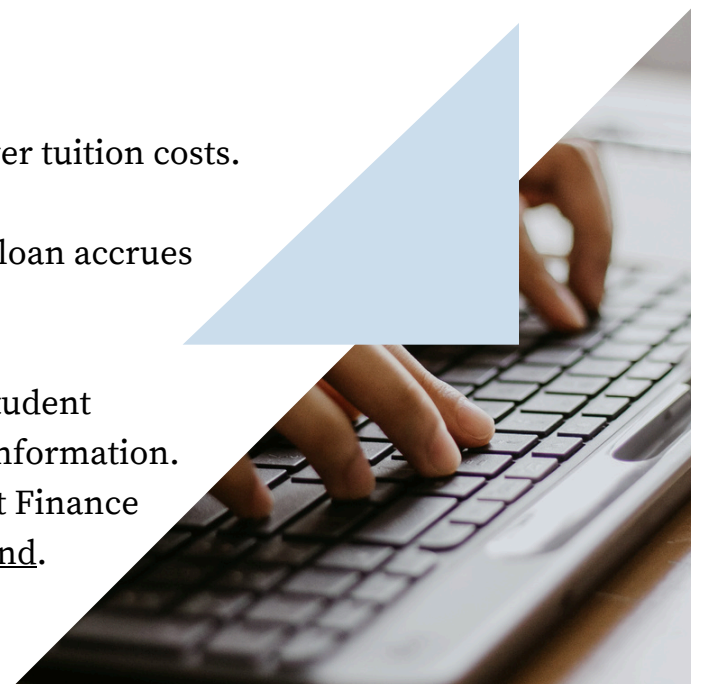

This is paid directly into the student's nominated bank account and is calculated based on household income.

■ Tuition Fees Loan

This is paid directly to the university to cover tuition costs.

It is important to inform students that this loan accrues interest and must be repaid.

If you are uncertain about any aspects of student finance, please avoid providing incorrect information. For further details, visit the official Student Finance England website at: [Student Finance England](#).
